		12' x 12'	16	\$240.00	~	~	50
		15' x 15'	25	\$375.00	~	~	100
*A good rule when determining your dance floor size is that usually 50% of your guestswill be on the dance floor at any given time.							
*Guest Count ÷ 2 = Number of Dancers							
*The heat "delaminates" the dance floor, so can only be out for a maximum rental Friday-Monday during summertime. Made of plastic, so rain is OK.
